VISA BULLETIN

IMMIGRANT NUMBERS FOR OCTOBER 2004

A. STATUTORY NUMBERS

1. This bulletin summarizes the availability of immigrant numbers during October. Consular officers are required to report to the Department of State documentarily qualified applicants for numerically limited visas; the Bureau of Citizenship and Immigration Services in the Department of Homeland Security reports applicants for adjustment of status. Allocations were made, to the extent possible under the numerical limitations, for the demand received by September 8th in the chronological order of the reported priority dates. If the demand could not be satisfied within the statutory or regulatory limits, the category or foreign state in which demand was excessive was deemed oversubscribed. The cut-off date for an oversubscribed category is the priority date of the first applicant who could not be reached within the numerical limits. Only applicants who have a priority date earlier than the cut-off date may be allotted a number. Immediately that it becomes necessary during the monthly allocation process to retrogress a cut-off date, supplemental requests for numbers will be honored only if the priority date falls within the new cut-off date.

2. Section 201 of the Immigration and Nationality Act (INA) sets an annual minimum family-sponsored preference limit of 226,000. The worldwide level for annual employment-based preference immigrants is at least 140,000. Section 202 prescribes that the per-country limit for preference immigrants is set at 7% of the total annual family-sponsored and employment-based preference limits, i.e., 25,620. The dependent area limit is set at 2%, or 7,320

3. Section 203 of the INA prescribes preference classes for allotment of immigrant visas as follows:

FAMILY-SPONSORED PREFERENCES

First : Unmarried Sons and Daughters of Citizens: 23,400 plus any numbers not required for fourth preference.

Second : Spouses and Children, and Unmarried Sons and Daughters of Permanent

Residents: 114,200, plus the number (if any) by which the worldwide family preference level exceeds 226,000, and any unused first preference numbers:

A. Spouses and Children: 77% of the overall second preference limitation, of which 75% are exempt from the per-country limit;

B. Unmarried Sons and Daughters (21 years of age or older): 23% of the overall second preference limitation.

Third : Married Sons and Daughters of Citizens: 23,400, plus any numbers not required by first and second preferences.

Fourth : Brothers and Sisters of Adult Citizens: 65,000, plus any numbers not required by first three preferences.

EMPLOYMENT-BASED PREFERENCES

First : Priority Workers: 28.6% of the worldwide employment-based preference level, plus any numbers not required for fourth and fifth preferences.

Second : Members of the Professions Holding Advanced Degrees or Persons of Exceptional Ability: 28.6% of the worldwide employment-based preference level, plus any numbers not required by first preference.

Third : Skilled Workers, Professionals, and Other Workers: 28.6% of the worldwide level, plus any numbers not required by first and second preferences, not more than 10,000 of which to "Other Workers".

Fourth : Certain Special Immigrants: 7.1% of the worldwide level.

Fifth : Employment Creation: 7.1% of the worldwide level, not less than 3,000 of which reserved for investors in a targeted rural or high-unemployment area, and 3,000 set aside for investors in regional centers by Sec. 610 of P.L. 102-395.

4. INA Section 203(e) provides that family-sponsored and employment-based preference visas be issued to eligible immigrants in the order in which a petition in behalf of each has been filed. Section 203(d) provides that spouses and children of preference immigrants are entitled to the same status, and the same order of consideration, if accompanying or following to join the principal. The visa prorating provisions of Section 202(e) apply to allocations for a foreign state or dependent area when visa demand exceeds the per-country limit. These provisions apply at present to the following oversubscribed chargeability areas: INDIA, MEXICO, and PHILIPPINES.

5. On the chart below, the listing of a date for any class indicates that the class is oversubscribed (see paragraph 1); "C" means current, i.e., numbers are available for all qualified applicants; and "U" means unavailable, i.e., no numbers are available. (NOTE: Numbers are available only for applicants whose priority date is earlier than the cut-off date listed below.)

B. DIVERSITY IMMIGRANT (DV) CATEGORY

Section 203(c) of the Immigration and Nationality Act provides a maximum of up to 55,000 immigrant visas each fiscal year to permit immigration opportunities for persons from countries other than the principal sources of current immigration to the United States. The Nicaraguan and Central American Relief Act (NACARA) passed by Congress in November 1997 stipulates that beginning with DV-99, and for as long as necessary, up to 5,000 of the 55,000 annually-allocated diversity visas will be made available for use under the NACARA program. **This reduction has resulted in the DV-2004 annual limit being reduced to 50,000** . DV visas are divided among six geographic regions. No one country can receive more than seven percent of the available diversity visas in any one year.

For October, immigrant numbers in the DV category are available to qualified DV-2005 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Region Listed Separately	
AFRICA	AF	9,900
ASIA	AS	9,600
EUROPE	EU	10,850
NORTH AMERICA (BAHAMAS)	NA	5
OCEANIA	OC	150
SOUTH AMERICA, and the CARIBBEAN	SA	300

Entitlement to immigrant status in the DV category lasts only through the end of the fiscal (visa) year for which the applicant is selected in the lottery. The year of entitlement for all applicants registered for the DV-2004 program ends as of September 30, 2004. DV visas may not be issued to DV-2004 applicants after that date. Similarly, spouses and children accompanying or following to join DV-2004 principals are only entitled to derivative DV status until September 30, 2004. DV visa availability through the very end of FY-2004 cannot be taken for granted. Numbers could be exhausted prior to September 30. **Once all numbers provided by law for the DV-2004 program have been used, no further issuances will be possible.**

C. ADVANCE NOTIFICATION OF THE DIVERSITY (DV) IMMIGRANT CATEGORY RANK CUT-OFFS WHICH WILL APPLY IN NOVEMBER

For November, immigrant numbers in the DV category are available to qualified DV-2005 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Region Listed Separately		
AFRICA	AF	10,300	Except: Nigeria 9,900
ASIA	AS	4,300	
EUROPE	EU	10,850	
NORTH AMERICA (BAHAMAS)	NA	8	
OCEANIA	OC	250	
SOUTH AMERICA, and the CARIBBEAN	SA	450	

D. VISA AVAILABILITY DURING THE COMING MONTHS

During the past two years, the visa allocation system compensated for the reduction in CIS visa number demand by making very rapid advances in the visa cut-off dates. As the cut-off dates advanced, tens of thousands of applicants became eligible to file for adjustment of status at CIS offices. Heavy demand was expected as CIS began to address their backlog and finalize action on such cases. The Visa Office has been alerting interested parties to this possibility over the past two years, and this is exactly what has recently begun to happen.

FAMILY : As CIS demand for visa numbers continues to increase, little if any forward movement of cut-off dates is expected during FY-2005, and the potential for retrogressions in certain categories cannot be ruled out. While retrogression of certain Family cut-off dates is not likely in the immediate future, it cannot be ruled out late in the fiscal year. This is because the CIS backlog is likely to include large numbers of applicants in all categories with priority dates well before the current cut-off dates.

EMPLOYMENT: The increasing CIS use of numbers is likely to require the establishment of cut-off dates in one or more categories during FY-2005. Such action is expected in the Employment Third preference category as early as January.
